

Geomancy

A vast subject of wisdom and action
in relation to place

Devining the spirit of earth through defining
the spirit of place,
spirit of place determined by the balance of
its geomantic elements of
water, wind, sun, direction, ley, electromagnetic fields
and confluence of these and mind

The interaction of mindscape with landscape,
the art of harmonious placement
the connection of human in balance and place
within the great surround

Seeking to put human habitation and activites
in harmony with the visible and invisible worlds,
addressing questions on where to build a house
in what manner in which direction,
where to put a bed or desk
searching out the best connections

Geo -for Gaia, greek earth goddess
and *mancy* from manteia
a system of divination or knowledge

A vast subject of wisdom and action
in relation to place

Geomancy
