

# In Silence with You

After just some hours of knowing you  
and flowing with you  
I am missing you  
out in the desert with the Saguaro  
it's mystical  
while I'm missing you  
it's magical out there while I'm missing you

In silence  
I watch the rising tide  
the water flow brings my mind to you  
so much violence in this life  
what's a boy to do  
just wanna walk again in silence walk again  
walk again in silence with you

I am calling you  
across the miles,  
can you hear the tune?  
from the ocean I am sendin' you  
I'm sendin' you this tune  
over the mountains I am singing through  
singing this tune about missing you
