Things

Things, things, things
millions of big and little
things, things, things
I can not live a day without
things, things, things
I am lost without,
I am lost without

Things, things, things
it's all the rage human
things, things, things
we got to have to work and play
so I bring my things
so that I
I can sing you this song about
things things things things things

I need picks and cables, extra batteries and capos,
amps and glue, sandpaper and a footstool
a microphone set, two guitars and a thumbpick
a triple ocarina and a reverb unit
some promo cards, some cassettes and I'm all set
don't forget, don't forget
those picks and cables, extra batteries and capos,
amps and glue, sandpaper and a footstool
a microphone set, two guitars and a thumbpick
a triple ocarina and a reverb unit
some promo cards, some cassettes and I'm all set
don't forget, don't forget, don't forget don't forget those

Things things things
millions of big and little
things, things, things
I can not live a day without
things things things
I am lost without,
I am lost without

Things things things
it's all the rage human
things, things, things
